

# TFI Foster Family Portal

## What is the Foster Family Portal?

The Foster Family Portal, a partnership between TFI and Foster Care Technologies, is a desktop and mobile phone application which shares documents and information between TFI and our foster families. The Foster Family Portal features the following modules: Licensing and Renewal, Current Placements, Your Matches, Foster Family Information and Notifications.

- The **Licensing and Renewal** module allows the tracking and submitting of initial and renewal licensing documents, as well as help keep foster homes in compliance by reminding them when documents are getting ready to expire (think driver's license and car insurance). Foster families will no longer be required to store these documents in their email or on paper and will no longer have to try to remember to give them to their worker at home visits. Just snap a picture on your phone and upload it to the app!
- The **Current Placements** module allows TFI and foster parents to share documents pertaining to the current placements in their home, as well as reminders of upcoming appointments. Again, no need for keeping all that paper around!
- **Your Matches** is one of our favorites. Based on the profile preferences you develop with your foster care worker, our proprietary software Every Child a Priority (ECAP) sends suggested placement matches directly to your phone or computer. Express your interest by just clicking a button!
- **Foster Family Information** is a collection of helpful forms, websites and other information tailored to the needs of our foster families.
- The **Notifications** module will allow your worker or TFI to send needed information directly to your phone. You can archive them for later to clean up your home page!

## Why should you download the app and register TODAY?

If you download the phone app and register, you will be entered into three drawings with a chance to win **\$100 each time!** The drawings will be August 21, September 4, and September 18. Additionally, on September 18, all foster families who have downloaded the app and registered will be entered into a drawing to win an **iPad or Tablet (or cash equivalent), valued at \$350.**

If you utilize the Your Matches module to do a reverse match, you will be entered into a drawing for a Walmart gift card (**1st Place - \$400; 2nd Place - \$200; 3rd Place - \$100; 4th Place - \$50**). This drawing will take place on October 31, 2020.

**Find us on the App Store or on Google Play today! You can also visit us at [www.fosterfamilyportal.com](http://www.fosterfamilyportal.com) or scan the QR code above.**

### Benefits of the Foster Family Portal App:

- Less paperwork
- Keeps you up to date with notifications
- Useful information at your fingertips
- Easy to upload and access documents
- Able to reverse match and express interest in a child from your phone
