Since March 1, 2024, EMPOWER has significantly reduced the number of children without placement in the Metroplex East Region.

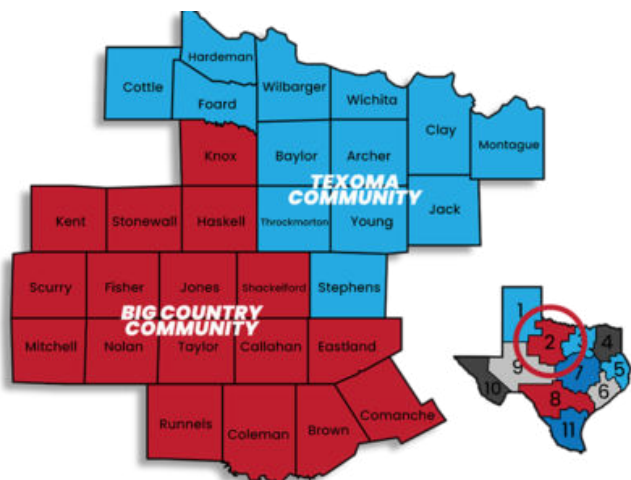

EMPOWER has increased the number of youth being placed in their home communities.

As of March 1, 2024, EMPOWER'S Transitional Living program, Preparation for Adult Living, has helped hundreds of older youth in foster care locate stable housing, educational support, vocational training and life skills development.

2INGage, a program of Texas Family Initiative, serves as the Community-Based Care (CBC) contractor for DFPS Region 2. During FY 24, 2INGage celebrated the fourth year of full case management services. 2INGage served approximately 1,893 children in out-of-home care with 200 staff.

2INGage has not had a child without placement (CWOP) in almost three years. Kids are in their home state, in safe placements, where they need to be (April 2021 - May 2024, DFPS Placement Reports).

2INGage has provided essential, evidence-based prevention services to 84 families through the Texas Family First program. As a result of this program, more families have been able to remain safely intact at home (Sept. 2022- YTD, 2INGage Report).

2INGage continues to increase the number of youth who obtain their State ID or Driver's License before turning 18 years old. As of Nov. 2023, 54.4% of youth obtained their ID, an increase of 6.5% from the previous fiscal year (Sept. 2023 - Nov. 2023, DFPS Q1 FY 24 Data).
